

WHO IS COVERED, AND FOR HOW LONG

The lifetime coverage offered by this Warranty automatically ceases upon the sale of the property or death of the last of the Homeowner(s) of the property at the time of application. Upon change in ownership, the Warranty may be transferred to the new owner(s) (the "Subsequent Transferee(s)") under the terms and conditions of this Warranty, in which event it will cover fifty (50) years, nonprorated, following the installation of the siding as indicated in the section below covering transfer of Warranty to Subsequent Transferee(s). The lifetime coverage in this Warranty is designed to cover individual Homeowner(s) of single-family homes. Siding purchased by or installed upon property owned by corporations, governmental agencies, partnerships, trusts, religious organizations, schools, condominiums or cooperative housing arrangements, or installed on apartment buildings or any other type of building or premises not used by individual homeowners as their residences, will be warranted for a period of fifty (50) years, nonprorated, following the installation of the siding, and is transferable under the terms and conditions of this Warranty.

LIMITATIONS AND EXCLUSIONS

Vytec Corporation shall not be liable for, and this Warranty does not apply to, any failure, defects or damages resulting from or connected with misuse, neglect or improper storage, improper application, or application not in adherence to normal industry standards; use of accessories which do not properly receive and/or secure Vytec Vinyl Siding; impact of foreign objects, fire, hurricane, tornado, or other violent storm or casualty, or acts of God; defects, failure of or damage to the substrata wall on which the siding was applied caused by movement, distortion, cracking, or settling of such wall or the foundation of the building; exposure to harmful chemicals, airborne stains, mildew or pollutants; failure of the Homeowner(s) to provide normal maintenance to the siding (see "Normal Maintenance" below); distortion or warping due to additional or unusual heat sources, including without limitation, window reflection and heat buildup caused by inadequate roof ventilation; and any other cause not involving inherent manufacturing defects in the material supplied by Vytec Corporation. Vytec Corporation reserves the right to discontinue or modify any of its products, including the color of said vinyl siding, without notice to the Homeowner(s) and shall not be liable to the Homeowner(s) as a result of such discontinuance or modification.

Vytec Vinyl Siding is not warranted against discoloration caused by air pollution, acid rain, oxidation, or exposure to harmful chemicals. Except as expressly provided herein, Vytec Vinyl Siding is not warranted against normal weathering resulting from the elements.

Normal weathering is defined as the damaging effects of sunlight and extremes of sunlight, weather and atmosphere that may cause any colored surface to chalk, fade, or become soiled or stained over time. It is normal for weathered siding to have slight shade differences underneath the bottom and shadow line portions of the siding panel, or underneath any area of the siding that is protected from the sun. This is considered normal weathering, and is not indicative of a defect in the siding. The degree to which normal weathering occurs depends on air quality, the building's location, and other territorial conditions over which Vytec Corporation has no control.

Vytec Corporation shall have sole discretion to determine whether any Vytec Vinyl Siding Products have weathered beyond the scope of normal weathering, and will base that conclusion on a measurement by a recognized, industry-approved color meter to determine the amount of color change.

FADE PROTECTION ON VYTEC VINYL SIDING

Vytec Corporation will, at its sole option, repair or replace Vytec Vinyl Siding that has faded in excess of a DELTA E of three (3) Hunter units as measured by a recognized, industry-approved color meter; provided, however, in lieu of

repair or replacement, Vytec Corporation reserves the right to refund that amount paid by the Homeowner(s) for the Vytec Vinyl Siding and accessory products, plus the cost to the Homeowner(s) of its initial installation. In case of repair or replacement, Vytec Corporation shall also be responsible for the cost of all preapproved labor and materials.

HOW TO REGISTER YOUR WARRANTY

To effect proper registration of this Warranty, the attached registration card should be completed and signed by both the Vytec dealer or contractor and the original Homeowner(s) of the property within 45 days after original installation has been completed, and mailed to:

OWENS CORNING
CUSTOMER RESPONSE CENTER
ONE OWENS CORNING PARKWAY
TOLEDO, OHIO 43659

Failure to register will not void the Warranty, but proper registration will assist Vytec Corporation in processing any future warranty claim.

WARRANTY TRANSFER TO SUBSEQUENT OWNER(S)

Upon change in ownership, this Warranty may be transferred to the new owner(s) ("Subsequent Transferee(s)") as a Fifty (50) Year Nonprorated Warranty from the date of the original installation provided that Vytec is notified in writing by the Subsequent Transferee(s) within 45 days of the real estate title transfer. Notification should be mailed to:

OWENS CORNING
CUSTOMER RESPONSE CENTER
ONE OWENS CORNING PARKWAY
TOLEDO, OHIO 43659

SUBMITTING A WARRANTY CLAIM

If the product exhibits what the Homeowner(s) believes to be a manufacturing defect covered under the terms of this warranty, the Homeowner(s) must notify Vytec in writing promptly following its discovery, and must submit with such notification a description of the claimed defect, along with the Homeowner's name, address, telephone number, date of installation, or call 1-800-766-3464. Such notification must be made within sixty (60) days of the date that the claimed defect is first discovered, or reasonably could have been discovered.

The notification should be mailed to:

OWENS CORNING
CUSTOMER RESPONSE CENTER
ONE OWENS CORNING PARKWAY
TOLEDO, OHIO 43659

Vytec Corporation will reply to written notifications within a reasonable period of time following receipt of such notifications, and reserves the right to require that additional information and/or evidence of the claimed defect be provided by the Homeowner(s) upon request. Further, Vytec Corporation reserves the right to inspect the products claimed to be defective within a reasonable period of time (not to exceed 90 days) subsequent to receipt of the written notification.

LIMITATIONS

ANY IMPLIED WARRANTY, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED IN DURATION TO THE EXPRESS WARRANTY PROVIDED ABOVE FOR YOUR VINYL SIDING COMPONENTS UNLESS A SHORTER PERIOD IS PERMITTED BY LAW. IN NO EVENT SHALL VYTEC CORPORATION BE LIABLE FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY KIND, INCLUDING ANY DAMAGE TO THE BUILDING, ITS CONTENTS, OR ANY PERSONS THEREIN. NO REPRESENTATIVE OF VYTEC CORPORATION OR ITS DISTRIBUTORS OR ITS DEALERS IS AUTHORIZED TO MAKE ANY CHANGE OR MODIFICATIONS TO THIS WARRANTY.

Some states do not allow limitations on how long a limited warranty lasts or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may also have additional rights which vary from state to state.

NORMAL MAINTENANCE

We recommend referencing the Vinyl Siding Institute's "Vinyl Siding Installation: A How-To Guide" for more information on care and cleaning of vinyl siding which can be obtained by calling 1-888-367-8741 or visiting www.vinylsiding.org.

IMPORTANT: FIRE SAFETY INFORMATION

Exterior vinyl building materials require little maintenance for many years. Nevertheless, common sense dictates that builders and suppliers of vinyl products store, handle and install vinyl materials in a manner that avoids damage to the product and/or the structure. Owners and installers should take a few simple steps to protect vinyl building materials from fire.

Rigid vinyl siding is made from organic material and will melt or burn when exposed to a significant source of flame or heat. Building owners, occupants and outside maintenance personnel should always take normal precautions to keep sources of fire, such as barbecues, and combustible materials, such as dry leaves, mulch and trash, away from vinyl siding.

When rigid vinyl is exposed to significant heat or flame, the vinyl will soften, sag, melt or burn, and may thereby expose material underneath. Care must be exercised when selecting underlayment materials because many underlayment materials are made from organic materials that are combustible. You should ascertain the fire properties of underlayment materials prior to installation. All building materials should be installed in accordance with local, state and federal building code and fire regulations.

For information about the fire properties of vinyl siding, contact the Vinyl Siding Institute, 1801 K St. N.W., Suite 600K, Washington, D.C. 20006-1301, (202) 974-5200.

LIMITED WARRANTY

Vytec Corporation, subject to the conditions and limitations listed herein, warrants Vytec Vinyl Siding to be free from manufacturing defects. It is further warranted against peeling, flaking, cracking, rusting, blistering and corroding when applied according to VSI installation instructions, and when subject to normal and proper use.

PREMIUM WARRANTY TRUCOLOR® PROTECTION TECHNOLOGY

This warranty covers the following product lines:

- Prestige®
- Eminence®
- Eminence 20'
- Board & Batten with TRUCOLOR® PROTECTION TECHNOLOGY
- D5 Vertical / Soffit Premium .044
- EXPRESSIONS
- YUKON BOARD

LIFETIME HAIL PROTECTION

In addition, Vytec Corporation warrants Vytec Vinyl Siding against damage caused by hail, to the extent that such damage is not covered by a homeowner's insurance policy or other applicable insurance coverage(s).

REMEDIES UNDER THIS WARRANTY

Should any manufacturing defects occur during the lifetime of the original purchaser (the "Homeowner(s)" or "transferee"), and as long as the Homeowner(s) is still living and retains ownership of the property, or proper transfer of the warranty, Vytec Corporation will, at its option, repair or replace the vinyl siding determined to be defective at no cost to the Homeowner(s), provided, however, that in lieu of repair or replacement, Vytec Corporation reserves the right to refund to the Homeowner(s) that amount paid by the Homeowner(s) for the Vytec Vinyl Siding and accessories plus the cost to the Homeowner(s) of its initial installation.

In case of hail damage, if such damage is not fully covered by insurance, Vytec Corporation will furnish to the Homeowner(s) replacement materials only, equal in quantity to the material damaged by hail. The Homeowner(s) shall be responsible for payment of all installation, labor and freight costs, insurance deductibles, and for the purchase of any additional products desired by the Homeowner(s) to replace undamaged products.
